“o” SESİ İZLİ ÇALIŞMASI

A diagram showing a horizontal bar divided into 9 equal segments by vertical dashed lines. Below the bar, there are 9 circles, each centered under one of the segments. The circles are arranged in a single row.

A diagram of a 1D lattice with 9 sites. The bottom half (sites 1-4.5) is shaded red and labeled "filled" in red. The top half (sites 4.5-9) is white and labeled "empty" in red. Sites are marked with circles.

A horizontal bar divided into two sections. The top section is white and the bottom section is light red. A dashed horizontal line separates the two sections. Nine circles are arranged horizontally along the dashed line. The first circle is on the white section, and the remaining eight circles are on the red section.A horizontal bar divided into two sections. The top section is white and the bottom section is light red. There are 9 circles, each with a grey outline, arranged in a single row across the bar. The first circle is in the white section, and the remaining 8 circles are in the red section.

A diagram showing a horizontal bar with a dashed line and a solid line below it. Below the solid line, there are 8 circles arranged horizontally.
